

The Coigach area has mountains, islands, lochs, and sandy beaches to be explored. Shellfish and other fresh local produce to be enjoyed. Excellent walking, climbing, fishing, kayaking and diving. Or just relax, take in the views by day, clear starry skies by night and watch the world go by. Just be...

Fresh sea air, cliffs and beaches washed by the clear waters of the Atlantic mean that this coastline is home to many species of birds and other wildlife including seals, otters and red deer.

If you are just driving around turn right at the information point at Loch Raa and take the circular scenic route towards the view point above Altandhu. Some of the best views in Coigach can be enjoyed this way.

**Don't forget your camera !**

25 miles by road northwest of Ullapool, Achiltibuie and the other villages on the Coigach peninsula enjoy some of the most spectacular views anywhere in the Highlands.

The area offers a varied selection of accommodation for families, couples or individuals of any age, with everything you need available locally.
