Each cruise is approximately 1 hour and 15 minutes –
this can vary slightly

KYLESKU BOAT TOURS

OUR WATERS ARE VERY SHELTERED
AND OFFER VISITORS THE CHANCE
TO SEE THE HEART OF THE HIGHLAND
WILDERNESS AT FIRST HAND

ABOUT THE TOUR

The tour is run by Stephen who has 35yrs skippering experience and great knowledge of the local area. Our boat tour is a wildlife and wilderness experience in one of the last unspoiled areas of Scotland. During the tour, you will see Britain's highest waterfall. Eas a'Chual Aluinn is the highest waterfall in the United Kingdom with a sheer drop of 200m. When in full flow it is over three times higher than Niagara Falls. You will see the sea lochs of Glencoul and Glendhu. The wildlife includes many seals (and seal pups) and seabirds. We often see razorbill cormorants, puffins, sea eagles, and golden eagles.
